Slow Flow Yoga:
This Slow Flow yoga practice moves at a gentler pace to build strength, improve flexibility, and promote inner calm. By moving mindfully with the breath, this class focuses on physical alignment and body awareness, linking poses together thoughtfully for smoother transitions. It's a great option for beginners or anyone seeking a less intense but still challenging and restorative practice.

Align & Flow Yoga:
Align & Flow blends the mindful, foundational alignment focus of Hatha with the breath-linked, dynamic movement of Vinyasa, creating a balanced practice that emphasizes correct form within a flowing sequence. This practice is both mindful and athletic, emphasizing breath-synchronized sequences, proper body positioning for stability/injury prevention, and builds strength/flexibility with slower transitions or longer holds to deepen awareness.

Mat Pilates:
Pilates is a method of physical movement designed to stretch, strengthen and balance the body. The focus of Mat Pilates is strengthening the core, incorporating the whole body for postural symmetry, flexibility, joint mobility and muscular strength. Using props and the classic Joseph Pilates exercises, you will leave this class feeling stronger, leaner, longer and energized. All levels.

Vinyasa Flow Yoga:
A yoga class for all skill levels. Intentional movements paired with breath to increase strength, flexibility, balance, and cardiovascular fitness levels.

Yoga Fusion:
Yoga Fusion blends traditional yoga postures with other low impact exercises such as Pilates and toning. This class will work towards improving balance, strength, and flexibility. It is a dynamic class which allows time for stillness, breathing, body awareness and hands on adjustments from the instructor. Props such as blocks, blankets, bolsters and straps are available to support and enhance the poses. All levels welcome as modifications are given as needed.

Power Vinyasa:
An upbeat spin on traditional Vinyasa Yoga with options for challenges. Class involves pairing our breathe to movement to help build flexibility, strength, balance and awareness of our body and mind. Expect a nice warm up, energetic series of yoga poses in multiple flows, and a nice cool down & stretch. All levels welcome.

Power Sculpt:
This is a high energy, short duration interval and circuit class that will combine power movements and strength training to define all major muscle groups of the body. Be prepared to work at a higher level of cardiovascular endurance and push yourself to the next level. Each class is different and uses a variety of equipment and weights. The class starts with a warm up and short stretch, and ends with a core workout, stretch, and cool down. Please wear good gym shoes and bring a water bottle.

NEW! Butts & Guts
An energetic & upbeat strength workout that combines resistance training, cardio, flexibility, & balance to tone and sculpt. Each class will be different and use a variety of equipment for a full body burn, with focus on the core, glutes & legs. Warm-up & cool down included!

Power Hour:
Full-body strength and HIIT class that will help increase strength, power, functional movement, and anerobic endurance through the use of weights, medicine balls, balance drills, and plyometrics.

Summer Conditioning:
This class utilizes metabolic resistance training to burn calories, build muscle and elevate metabolism - all with the goal of improving performance in winter sports! Expect to learn exercises with a wide variety of equipment including TRX, kettlebells, barbells, medicine balls, balance trainers, and more.

Olympic Weightlifting - All Levels:
8-week series! Olympic style weightlifting is the go to for professional and olympic sport for strength development. In most sports acceleration and dynamic expression of strength is what matters most, and olympic weightlifting excels at providing that. No matter your level of knowledge or athletic ability you can benefit from learning and training the Olympic lifts.

Brazilian Jiu-Jitsu:
A 16-week program of Jiu-Jitsu fundamentals. Our professors are Brazilian Black Belts and have extensive coaching experience, are certified and have won numerous tournaments at all levels of Brazilian Jiu-Jitsu. Jiu-jitsu is one of two martial arts that are defensive. There is no striking and the main goal in Jiu-Jitsu is to level the field by taking the opponent to the ground to get a submission. Brazilian Jiu-Jitsu is one of the most effective self-defense martial arts, where real life self-defense situations are explored at the beginning of every class.

Silver Sneakers® Yoga:
Move through seated and standing yoga poses to increase flexibility, balance and range of motion. A chair is used to meet a variety of fitness levels.

Silver Sneakers® Classic:
This workout includes fall prevention drills and exercises to improve strength and endurance. Have fun and move to the music through a variety of exercises designed to increase muscular strength, range of movement, and activity for daily living skills.

Silver Sneakers® Splash:
Activate your aqua exercise urge for variety! This class offers LOTS of fun and shallow water moves to improve agility, flexibility and cardiovascular endurance. No swimming ability is required, and a kickboard is used to develop strength, balance and coordination.

Silver Sneakers® Circuit:
Circuit class includes resistance exercises that improve upper body conditioning, intermixed with cardio and balance challenges. You'll move through blocks of exercises that focus on different muscle groups. The focus of this class is on toning muscles and building overall strength.

Aerial Silks Sequences:
Experience a fitness journey tailored to your skill level from absolute beginner to intermediate. This program uses a tailored sequence training model to provide the repetition and refinement necessary for muscle memory and skill development. Develop physical mastery through dynamic upper body, grip, and core strength while improving full-body flexibility, balance, and endurance—all key factors that support long and vital lives. Enhance mental resilience through challenging yourself to heighten body awareness, overcome natural fear responses, and break through mental blocks in sport performance. Join us to build strength, confidence, and grace in the air and on the ground!

Aerial Yoga:
A beginner friendly class that uses aerial hammock to discover flow, flexibility, and strength. Please wear long pants without zippers, and take off jewelry before the start of class. Class flows will include mat work as well as aerial practice. Max class size is 5, preregistration recommended.

Aerial Conditioning & Flow:
Conditioning and mobility circuits on a variety of aerial apparatus including hoop, silks, sling and flying pole! Learn flows one move at a time, and explore different shapes that can be translated across different apparatuses!
